### Bio

---

I am an experienced Headshot/Commercial/Editorial/Fashion Photographer. I am internationally published, I have experience in working with new Actors/Models building their first portfolio as well as experienced professionals. My approach to my photography success with people is building a rapport with them, to help them express themselves and bring life to the images. I like to work with my subjects as a team. We need to be able to coordinate our efforts to get the best results. It takes a team effort to get the best results regardless of it's a team of two or twenty, it's very important.
